Solid Wood

Process

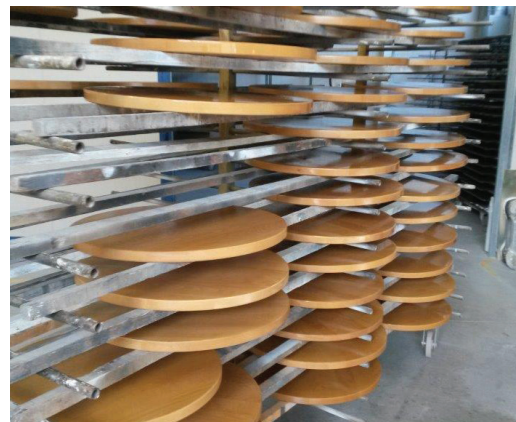

With our 26mm solid beech table tops in oak, walnut and wenge stain, we offer an attractive range to match our stylish dining chairs. A specialised polyurethane coating, helps to protect against spills, dents and scratches. Ask for a sample!

- o Superior smooth finish
- o Specialised protective coating
- o Solid European beech construction
- o Free samples available

Four step protection process:

1. High quality, water based stain applied
2. Polyurethane (PU) primer protection applied
3. Stage 2 repeated for added resilience
4. Final outer coating of PU applied to complete process
